

## Hours

Our Extended Day program operates from 7:30–8:15 a.m. and from 3:30–6:00 p.m. daily.

## Activities

In the afternoons, a healthy snack is served and a variety of activities are organized: outdoor play, board games, and arts and crafts. For children in PK and MK, Extended Day care is held in the pre-school building and yard, and offers unstructured play as well as stories, games, and creative activities.

## Fees

Extended Day fees for 2007-2008 have been set at \$8.50/hour. Drop-in care is available.

WE ALSO OFFER THREE OTHER POPULAR PROGRAMS OUTSIDE OF SCHOOL HOURS: ÉTUDE, AFTER-SCHOOL CLASSES, AND VACATION CAMPS.

## Etude

Etude offers students a quiet setting to work on homework. French-speaking faculty members supervise groups of students and are available to answer questions. (They do not conduct individual tutoring.)

## After-School Classes

After-school class offerings vary by semester and include ceramics, chess, band, chorus, guitar, karate, and French for adults. A full list of classes and fees is published every September and January.

## Vacation Camps

Vacation camps operate during most school vacations. In addition to a full day of crafts, games, and playtime, these camps always include a field trip to a point of local interest. Recent trips have included a pumpkin patch, the Marine Mammal Center, and the California Academy of Sciences. Rates for vacation camps are announced several weeks prior to each camp, and parents can sign their children up for as many or as few days as they wish. We do not currently offer camps during summer or winter breaks.
